

'Our NHP'

A strategy for 2020-2021

North Halifax Partnership Ltd is a community-led charity working for the social and economic regeneration of North Halifax.

We don't just work in North Halifax. We provide quality services across North and East Halifax and the Lower Calder Valley

We are committed to empowering and enabling local residents to get involved in their community to drive change

OUR VISION

OBJECTIVES 2020-2021

Our objectives set out the focus of our work over the coming year.

We're one of the Community Anchors of Calderdale

#COMMUNITYANCHOR

- Build community cohesion and provide a counter narrative to extremism
- Improve energy efficiency, sustainability and reduce carbon footprint
- Increase community voice, and community leadership
- Develop existing and create new community spaces

- Support individuals and families on low income to access support to meet basic needs and relieve poverty.
- Support employability and help people back into work
- Coordinate the partnership approach so support is holistic and empowering
- Raise attainment and aspiration of young people and communities

- Provide universal services that target delivery to the most vulnerable.
- Remove barriers and identify gaps in services and provision.
- Use our community leadership role to influence coordination of care and improve partnership working locally
- Increase awareness and discussion of health issues in communities.

- Improve organisational infrastructure to enable better planning and delivery of services
- Continue to invest in our workforce wellbeing.
- Improve quality and standard of external communications
- Demonstrate the difference our intervention makes

Our board members are local people and this is their vision
