OBJECTIVES 2021-2022

"I HAVE MISSED BEING ABLE TO MEET UP WITH OTHERS GOING THROUGH SIMILAR THINGS AS ME"

- Build community cohesion and provide a counter narrative to extremism
- Provide regular community communications and be a trusted source of information
- Improve energy efficiency, sustainability and reduce carbon footprint
- Increase community voice, and community leadership within our services.
- Develop existing and create new community spaces.

- Support individuals and families to recover from economic, health and social impacts of Covid
- Support employability and help people back into work
- Coordinate the partnership approach so support is holistic and empowering
- Support the education catch up for children and young people, post COVID including skills for employment

- Provide universal services that target delivery to the most vulnerable.
- Remove barriers and identify gaps in services and provision.
- Use our role as community anchor to influence the development of local services to meet local needs
- Increase awareness and discussion of health issues in communities.

- Continue to strengthen our capacity to respond to crisis.
- Continue to invest in our workforce wellbeing.
- Develop our organisational capacity to deliver quality communications
- Demonstrate the difference our intervention makes

"I FOUND HOME-SCHOOLING REALLY HARD, ESPECIALLY MATHS AND ENGLISH - ITS CHANGED SINCE I WAS AT SCHOOL"

HAVING ENOUGH TIME TO SPEND WITH MY KIDS IS MORE IMPORTANT TO ME NOW.

"WORRYING ABOUT HAVING ENOUGH PHONE CREDIT AND DATA. NO WHERE I CAN GO LOCALLY WITH FREE WIFI"

"I'VE SPENT MORE TIME EXPLORING THE LOCAL AREA - WE DIDN'T KNOW ABOUT THE FIELDS ABOVE MY HOUSE"

THERE NEEDS TO BE MUCH CLEARER INFORMATION IF THIS HAPPENS AGAIN SO PEOPLE OF ALL AGES KNOW WHAT TO DO.
